## PRECAST CONCRETE SLEEPER

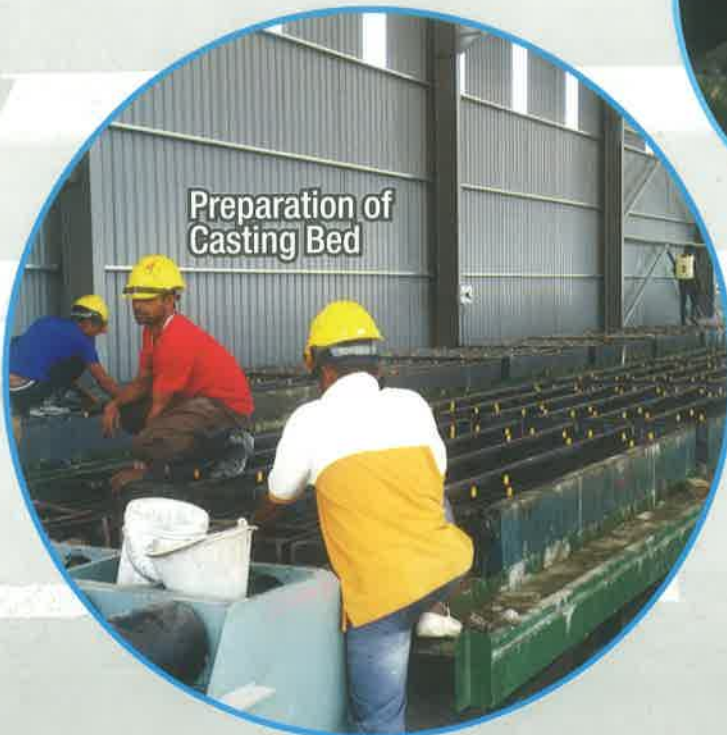

# PRECAST CONCRETE SLEEPER

SPC Industries Sdn Bhd, specialising in precast concrete business, was established in 2002 and is a wholly-owned subsidiary of Kimlun Corporation Berhad which is a public listed company in Malaysia. SPC has great experience in manufacturing of precast reinforced concrete sleeper and Pre-stressed concrete sleeper for railway track projects and Singapore and Malaysia.

Our company is certified to ISO9001:2008 Quality Management System standard and also recognized by Building & Construction Authority (BCA) Singapore as a precast concrete product supplier. Our sleeper manufacturing is based on a long-line production system with latest specially fabricated equipment. Our plant has a current capacity of producing 100,000 per annum and expandable based on the projects.

Pre-stressed concrete or RC sleepers are produced as to cater pandrol or vossloh fastening system. SPC is able to produce based on customer's specifically designed sleepers to cater the project needs. Quality of Sleepers is ensured during manufacturing from the raw material till the sleepers are produced and routine test which ensures the technical compliance will be carried out.

Other available precast or pre-stressed components complementing the sleepers includes reinforced twin block sleepers, precast cable troughs & covers, walkway components, cable pits, coping slabs, guard rail sleepers and also turnout sleepers.
